Kennon Road, 5 other Luzon roads closed due to 'Falcon'

MANILA – Four road sections in the Cordillera Administrative Region (CAR) and two in Cagayan Valley (Region 2) were closed to traffic due to Tropical Storm Falcon, the Department of Public Works and Highways (DPWH) reported on Wednesday.

According to the DPWH-Bureau of Maintenance (BOM), the roads have been closed to vehicles due to a road cut, road slip, soil erosion, flooding, and unsafe road conditions brought by the storm.

The inaccessible roads in CAR, as of Tuesday noon are:

Kennon Road; Baguio-Bontoc Road; Governor Bado Dangwa National Road (formerly Acop-Kapangan-Kibungan-Bakun Road) K0345+800 - K0345+890 section in Mogao, Gambang, Bakun, Benguet; Tabuk-Banaue Road, Matteded

4th SONA to highlight Duterte Legacy, path for next 3 years

MANILA -- Presidential Communications Operations Office (PCOO) Secretary Martin Andanar on Tuesday said President Rodrigo Duterte's fourth State of the Nation Address (SONA) would highlight the legacy of the current administration

and its path for the next three years.

In a television interview, Andanar said President Duterte will likely discuss the government's efforts to reduce poverty, big-ticket infrastructure projects, and peace and order programs in his fourth SONA.

"Number one, poverty alleviation, bringing poverty rate down from 21 to 14 and making the economy upper middle class by the end of his term. Second would be the infrastructure projects," Andanar said.

"And thirdly, there's

the peace and order highlighting the national task force to end local communist armed conflict, because you can never have progress without peace and order. And I think diyan tututok ang Presidente sa tatlong mensahe na iyan (those three topics would be the

focus of the President [in his speech])," he added.

Andanar noted that other accomplishments under the economic and the business cluster, as well as the policies and programs of government agencies, would possibly be discussed on July 22.

Andanar said other

controversies that could also be addressed in Duterte's SONA speech include his policy on the South China Sea and his stance on the issue surrounding the intervention of the United Nations Human Rights Council (UNHRC) on

Cavite helps raise awareness on Hemophilia

Medical practitioners in Cavite including city and municipal health officers, doctors and dentists from public hospitals, nurses from the rural health units, members of the PWD federation, employees of the provincial government mainly from the Provincial Health Office (PHO), Provincial Social Welfare and Development Office (PSWDO), Provincial Information and Community Affairs Department (PICAD) and some members of the Hemophilia Advocates Philippines (HAP) convened at the Cavite Collaboration Center for Public Health Auditorium in Trece

Martires City recently for the first Hemophilia Awareness Symposium in the province.

With the noticeable low level of public awareness and even of some hospital personnel on hemophilia, the HAP-Cavite Chapter led by Ms. Lota N. Madamba tapped the provincial government through Provincial Health Officer Dr. Gilbert Ilog and Epidemiologist Dr. Nelson Soriano for the conduct of the one-day activity that encompassed talks about the bleeding disorder, its history and how it affects children and female patients. The organization aimed to

Cavite provincial jail holds ALS graduation ceremony 2019

Cavite Provincial Jail in partnership with the Department of Education - Cavite Alternative Learning System (ALS) held the graduation ceremony with the theme: *Pagkakaisa sa Pagkakaisa; Kalidad na Edukasyon Para sa Lahat* on July 9, 2019 at the Cavite Provincial Jail Visiting Area, Trece Martires City. Sixty-nine (69) inmates were confirmed and given their certificates for passing the 2018 Alternative Learning System Accreditation and Equivalency by education officials headed by Assistant Division Schools Superintendent

Dr. Elias A. Alicaya, Jr., Public Schools District Supervisors Dr. Amelita Peñalba and Mr. Saturnino A. Hernandez, Mr. Charlie G. Garcia, District ALS Mobile Teacher and Mr. Noel M. Alegre, OIC-Provincial Warden.

Guest Speaker Norielyn C. Narciso, Principal II of Kaytitinga National High School in Alfonso, Cavite congratulated the graduates and believed that they will also be successful citizens when they return to the mainstream of society. Vice-Governor Jolo Revilla who was the Guest of Honor likewise congratulated the graduates and stressed

that education is not limited to those outside prison but also to those behind bars. He gladly shared that his father, Senator Bong Revilla was also an Alternative Learning System graduate. Vice Governor led the awarding of 9 elementary and 6 high school honor students.

Present during the ceremony were Mokja Church Pastors Park Seungil and Koo Bonshik, service providers from Korea, families and friends of the graduates, teachers, CPJ employees and staff and other inmates. — (PICAD)

raise social and political awareness for them to lobby their advocacy and seek legislative measures that will address the hemophilia medical condition.

Dr. Soriano who delivered a message on behalf of Dr. Ilog highlighted the importance of having a Hemophilia Treatment Directory and identification cards of PWH which can be presented to healthcare providers in availing medical and dental services. Likewise, Dr. Soriano underscored the value of the activity, believing in the principle that one must know the enemy in order to defeat it. Education is still the key along with proper information dissemination. He also thanked the attendees for their time and hoped that hemophilia be included in the Universal Health Care Bill.

Provincial Administrator for Community Affairs Dr. Alvin Mojica visited the activity on behalf of Governor Jonvic Remulla signifying support to the advocacy which gave more hope and strength to HAP-Cavite.

Participants showed much interest to the topics presented, thanking pediatric hematologist from the Korean-Philippines Friendship Hospital and a hemophilia advocate Dr. Melissa Montoya, for sharing significant inputs on pediatric bleeding disorder and a few tips on how to manage cases in children. Dr. Montoya also shared the vital application of the acronym RICE for patients with hemophilia, which stands for Rest, Ice Packs, Compress and Elevate; while hemophilia in female patients was tackled by Dr. Jayson Dadural, an adult hematologist of Emilio Aguinaldo Medical Center. He said that bruising and other symptoms of hemophilia must be taken seriously and should be consulted immediately to doctors.

In addition, Dr. Montoya told audience that she already recommended to the

Department of Health (DOH) for the allocation of Factor 8 (F8) concentrate to the Gen. Emilio Aguinaldo Memorial Hospital (G E A M H). Clotting factor concentrate prophylaxis aims to preserve joint function by converting severe hemophilia (factor VIII or IX less than 1%) into a clinically milder form of the disease. This news provided more hope to PWH given the fact that very few hospitals have the capacity to handle patients with bleeding disorders.

On the other hand, PWHs in Cavite gave testimonials on the challenges they face day by day, from pain levels, to hospital bills, transportation, down to stories of being refused by healthcare providers whenever being informed of their case. To assist them, Social Welfare Officer III Brendalyn Salazar of PSWDO discussed the simplified procedure and requirements on seeking financial/medical assistance, as well as on requesting for wheelchairs to the Office of the Provincial Governor. She also pledged that their office will lobby for PWH patients to be included in the special cases like chemotherapy and dialysis patients who are qualified to receive financial assistance from the provincial government on a regular term. The statement uplifted the spirits of hemophilia advocates, patients and their families, knowing that their needs are also being addressed by the government.

In closing, PHO's National Blood Program Coordinator Ralph Laurence Figueroa, acknowledged the organizers and participants who made the event possible, underlining the significance of equitable distribution of resources, giving priorities to indigents in the province, since majority of Filipinos with bleeding disorders live below poverty line as per study

section in Duplingan, Tanudan, Kalinga.

The DPWH advised motorists to take Marcos Highway, Baguio-Bauang Road (Naguilian Road) or Asin-Nangalisan-San Pascual Road as alternate route to Kennon Road.

For travelers who are supposed to use the Baguio-Bontoc Road, they may use Nacagang-Abatan, Bauko, Mabaay provincial road.

In Region 2, the Bangag-Magapit Road, K0693+500 - K0694+000, Allacapan section in Cagayan; and the detour road of Ngilinan Bridge along NRJ Villa Sur-San Pedro-Cabuaan-Ysmael-Disimungal Road, K0368+628 - K0369+015, in Barangay San Pedro, Madella, in Quirino are

also closed to light vehicles due to flooding.

It noted that concerned offices have already installed warning signs and dispatched maintenance crew to assist the flow of traffic in the affected areas.

The DPWH added that clearing operations will be conducted once the rain stops.

On Wednesday, the Philippine Atmospheric, Geophysical, and Astronomical Services Administration (PAGASA) said 'Falcon' was last eyed 195 kilometers east of Aparri, Cagayan.

Tropical cyclone warning signal (TCWS) No. 2 has been raised over Batanes, while TCWS No. 1 is hoisted over Apayao, Cagayan, Ilocos Norte, and Babuyan Group of Islands. (PNA)

of HAP.

Hemophilia is a genetically-inherited bleeding disorder in which the person's blood does not clot normally. People with hemophilia can experience spontaneous bleeds with no known cause, internal bleeding and painful swollen joints. Medical scientists have not found a cure yet for what is termed a Royal Disease. Symptoms of hemophilia may include nosebleeds, bruising, bleeding for no reason, blood in urine and stool, nonstop bleeding after a cut, tooth extraction or circumcision or a heavy p r o l o n g e d

menstruation. Understanding hemophilia is a great first leap towards achieving the "Right to Live" campaign of HAP.

There are about 10,000 Filipinos with hemophilia and about a million others with von Willebrand disease and other bleeding disorders in the Philippines, but only about 1,500 have been registered with the Philippine Hemophilia Foundation.

In Cavite, as of June 2019, according to HAP-Cavite Chapter there are 28 registered patients in their organization while others are yet to be identified. —PICAD

4TH SONA... FR. P.1

the human rights situation in the country.

On July 8, Duterte bared that he may "educate" the public during his fourth SONA on the constitutionality of the verbal fishing agreement he entered into with Chinese President Xi Jinping in October 2016.

The agreement between the two leaders allows the Chinese to fish within the Philippines' 200-nautical mile exclusive economic zone (EEZ), for as long as China will allow Filipinos to fish in the Panatag (Scarborough) Shoal.

As for the Iceland-sponsored resolution approved by the UNHRC to look into human rights violations in the country, Presidential Spokesperson Salvador

Panalo has said Duterte is "seriously considering cutting diplomatic relations" with the Nordic Island-country.

The PCOO chief is expecting Duterte's fourth SONA to be a "smooth-sailing, exciting one."

"It's the first State-of-the-Nation-Address on the second half of the President's term. Everybody is ecstatic and really waiting what would be the plan for the next three years," he said.

The SONA, which is delivered by the President of the Philippines every year, is a constitutional obligation, required by Article VII, Section 23 of the 1987 Constitution. (PNA)

PROVIDING CONDUCIVE BUSINESS ENVIRONMENT TO CAVITE MSMEs

Cavite entrepreneurs who successfully completed the BIZ iCREATE - Cavite's Responsible Entrepreneurs Aiming Toward Economic Sustainability program were given the opportunity to promote their business products at the #taraCAVITetayo Trade Fair and Exhibit which was sponsored by the Union Bank (UB). The event which was conceptualized after the recently held 2019 Cavite Business Expo in Tagaytay City opened on July 15, 2019 at The Ark by Union Bank at the Ground Floor of Insular Life Building in Ayala Avenue, Makati City.

Exhibitors were provided a five-day run to showcase their products with the assistance of the Provincial Cooperative Livelihood and Entrepreneurial Development Office (PCLEDO) under its Officer-in-Charge, Atty. Khervy Reyes. The activity is also part of the continuous business guidance from PCLEDO in order to enhance their knowledge in managing the business for economic sustainability.

Union Bank took the initiative to support MSME development and offered a perfect venue for a conducive business environment. During the first day of exhibit, the entrepreneurs, organizers and guests were welcomed by UB-Dasmariñas Branch Manager Mr. Alvin Ferrer and by PCLEDO Entrepreneurial Division Head Ms. Liza C. Gabatan.

According to UB Manager Ferrer, the exhibit set-up was initially geared to have MSMEs use the QR platform or cashless transaction. However, seeing that they

are not that adept to the technology, they opted to do over the counter and machine deposits. Since alternative sources of financing for business-startups and expansion are very vital to MSMEs, UB will also get the chance to promote their business development products and services to clients and would-be entrepreneurs throughout the event.

Meanwhile, Ms. Gabatan of PCLEDO thanked the kind assistance of Union Bank, as well as the cooperation of MSMEs, on behalf of Cavite Governor Jonvic Remulla and their OIC Atty. Reyes. She wished for further success of the BIZ iCREATE graduates and for stronger ties among private stakeholders that can champion MSMEs globally. She also lauded the support of the Provincial Tourism and Cultural Affairs Office headed by Provincial Tourism Officer Ms. Rozelle Sangalang through provision of various promotional and media collaterals, which added life and colors to the exhibit.

Among the exhibitors who have maximized their potential in business through the trade fair which will run until July 19, 2019 are Ms. Ma. Isabel Punzalan of Delfa's Food Products, Inc.; Ms. Susan Tenorio of San Lit Spread; Ms. Ruby Jimeno of RTJ Enterprise; Ms. Angelica Chongco of Mayumi Organics; Ms. Gina de Gala of Flowers and Vase Event Styling, and Mr. Royette Candanido of Royette's Ice Cream Mfg. These entrepreneurs are beyond grateful to the provincial government of Cavite, PCLEDO and Union Bank for the assistance to them from the beginning – from positively

Mabalacat, Pampanga - Gardenia president Jun Umali highly assures Gardenia is bringing the future of breadmaking here in Central Luzon and excited to embrace the limitless possibilities in the North Luzon region as they officially open a completely new and automated bread plant in Pampanga.

Gardenia Bakeries inaugurates a fully-automated bread manufacturing facility inside TECO industrial estate in Mabalacat, Pampanga strategically situated near two major expressways, the North Luzon Expressway (NLEX) and the Subic-Clark-Tarlac Expressway (SCTEX). It offers an efficient trade and distribution gateway to the North Luzon region all the way to Ilocos and Cagayan Valley as well as Central Luzon provinces.

Umali explained the plant inauguration's theme 'Bake to the Future 2.0'. "For the first time in Gardenia's history in the Philippines, Gardenia

Bakeries opens two huge factories with sophisticated technologies in a span of four months. This is truly a significant milestone for Gardenia in its 21 years in the Philippine bakery industry," Umali stresses.

He also described how Gardenia applied the best technologies on its new production line. "The whole plant is computer-controlled starting from the use of an upgraded concept in the ingredient handling and makeup systems, proofing, use of robotics in handling baking pans and a unique technology in the depanning process which promises to be gentle to the bread, completely untouched by human hands," Umali said.

"The use of tumbler to check all four sides of the loaf bread and the presence of tornado cleaner to ensure all baking pans are clean and free of crumbs were also incorporated in the process," Umali added.

The oven baking system will continue to use environment-friendly liquefied petroleum gas

(LPG) like in the other Gardenia factories.

Umali highlighted, "all equipment, machines and baking technologies are sourced from the best baking equipment suppliers from all over the world including Germany, the Netherlands, Japan and the USA. We also added new equipment suppliers that will enhance the whole baking process."

"The expertise in making advanced equipment from different sources operates as one integrated and a fully automated system is a proprietary technical capability developed by Gardenia in its factories in Asia. This fusion of technology differentiates us from the competition," Umali asserted.

The sophisticated technology partnered with a proprietary manufacturing process and combined with premium and finest ingredients all contribute to the freshly - baked aroma, softness and delicious taste of world class Gardenia breads

Funnside Ninangann to add more fun to the people of Cavite

Kawit, Cavite is famous for its historical site, the heritage house of the late President Emilio Aguinaldo. It is where the Philippine Independence was first declared on the faithful day of July 04, 1898. Along with the declaration of our freedom was the first time the Philippine flag was raised. Now, Kawit is home to many people, from different parts of the archipelago. The good news is, a Kapampangan Restaurant which was founded to cater to the meticulous palates of the Filipinos is about to rise. Expect that it would start operating this coming July 27, Saturday.

What is Funnside Ningnangan? Funnside Ningnangan originated from Apalit, Pampanga. As we all know, Kapampangan dishes are to die for. It all started with the small grill resto owned by Mrs. Librada G. Manlapaz. With her love

Umali also shared that the plant is designed to allow consumers to visit and witness the modern baking process through a catwalk plant tour especially for consumers from North Luzon. Wide array of high quality breads

Umali further noted that the new plant will be Gardenia's second largest facility, next to its Laguna plant. "This new factory has a white loaf production line, a flavored

and passion for cooking, she decided to put up a catering business. In line with this was her intention to provide jobs to her relatives and neighbors. Unexpectedly, her small resto and her catering business could not meet the demands of the clients and customers, so she felt it was time to move up to the next level.

Meanwhile, Mrs. Manlapaz used to have a regular customer in the person of Architect Jhong F. Naguit. Being a native of Sto. Tomas and a brother of the town mayor, he envisioned Sto. Tomas to be not just a pottery and casket making center of the province but also a haven of delicious food and good place to eat. Thus, with the collaboration of two individuals, Funnside Ningnangan was born. Its name was derived from Mrs. Manlapaz's resto FUNNSIDE where Architect Naguit added NINGNANGAN, a Kapampangan word which means, IHAWAN or GRILL.

Their first Funnside Ningnangan baby was born on September 09,

loaf line, a bun and pandesal line and a snack toast line. With these four new production lines, the Pampanga factory will be able to produce nearly 400,000 loaves and buns every day ready for delivery to supermarkets, groceries and convenience stores," he said.

2011 at San Matias. They started simple but later on, customers could not get enough so after ten months of operation, they expanded. From a 15, Funnside San Matias now has 500 seating capacity. Ten months after, Funnside Ningnangan Angeles City was opened. The resto of Mrs. Manlapaz in Apalit was converted to Funnside Ningnangan, Apalit with 430 seating capacity.

That's where it all started. At present, they now have branches in San Matias, Apalit, Angeles, San Fernando, Guagua, Mexico, Gapan, Pulilan, Sta. Maria, Guiguinto, Marilao, Caloocan, and Dinalupihan. Thirteen branches all in all in just a matter of 8 years. Funnside Ningnangan is soon to operate in Kawit starting July 27, 2019. Another site is currently under construction in Bacoor, Cavite. It's vision of growing from 7 to 20 stores by the year 2020.

What makes it different from any other Kapampangan restaurants? Funnside Ningnangan, is sure to offer fresh and quality food served in a nipa hut with cooling ambience and they also have a team of people who make sure you get excellent customer satisfaction beyond your expectations. That is why there is the fun side of Kawit and its neighboring towns. This is something to look forward to, so beat it, Kawit!
