'Pepito' to bring rains over Luzon

MANILA – Tropical Storm "Pepito" will continue to dampen most parts of Luzon, the weather bureau said on Wednesday.

Pepito was last tracked 115 kilometers northwest of Dagupan City, Pangasinan, or 120 km. west-

northwest of Baguio City, moving west-northwestward at 30 kph.

The tropical storm still packs maximum sustained winds of 75 kph near the center and gustiness of up to 90 kph.

In its 8 a.m. bulletin, the Philippine

Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) forecast moderate to heavy rains over Batanes, Cagayan, Ilocos Norte, Pangasinan, La Union, Apayao, Benguet, Zambales, Bataan, Occidental Mindoro, (Turn to p. 2)

Palace expects budget to be submitted before 2nd week of December

MANILA – Spokesperson Harry Roque said Thursday it expects the proposed PHP4.5-trillion national budget for 2021 to be submitted to the Office of the President earlier than the second week of December.

In a press briefing, Presidential

Spokesperson Harry Roque said Congress should submit the spending measure within the timeframe to give President Rodrigo Duterte "ample time" to review its version of the budget and wield his line-item veto power if necessary to get rid of questionable

allocations. "Alam ninyo po kasi, hindi rin ganoon kabilis ang pag-review ng budget kasi sa budget lang po may kapangyarihan ang Presidente na gumawang tinatawag na "line veto"... kinakailangan pala mas maaga because the process of

reviewing it entails a line by line analysis (You know, it's not that easy to review the budget because this is the only time the President can use his power of 'line-veto'... that's why [the budget submission] should be made earlier because the process of

reviewing it entails a line by line analysis," Roque said.

Roque noted that the timely passage of the budget would avert a reenacted budget scenario as the country continues to grapple with the coronavirus pandemic.

He said November would be ideal but noted: "I think

December would be fine."

"The sooner the better in December so that we would have ample time to go through it," he added.

Last week, the House of Representatives approved on third and final reading House Bill 7727 or the 2021 (Turn to p. 2)

PLDT to roll out more fiber lines nationwide

MANILA – More households in different parts of the country will soon be able to avail of faster internet services through fiber-optic cables after telecommunications giant PLDT on Wednesday announced its plans to roll out more fiber lines and ports nationwide.

In a statement, Alfredo Panlilio, PLDT chief revenue officer, said the company will install more fiber lines and provide around

500,000 more ports in the next three to six months to meet the country's rising demand for high-speed internet connectivity.

"Broadband connectivity is more important than ever, particularly in these pandemic times when more people are directed to work and study from home. That's why PLDT is ramping up its capabilities to be able to serve more Filipinos nationwide," Panlilio

said.

He said the company has deployed more installation and repair teams in different parts of the country to implement the rollout.

"PLDT is rolling out more fiber, more ports in more parts of the Philippines than it has ever done before because we want to connect as many Filipino families as we possibly can to our fiber network," Panlilio said.

General Appropriations Bill (GAB) with 267 affirmative votes, six negative votes, and no abstention.

The House gave its green light to the 2021 GAB after holding a special session from Oct. 13 to 16, as called upon by President Rodrigo Duterte.

Earlier, budget deliberations were stalled due to the speakership tussle between then-Speaker Alan Peter Cayetano and his successor, Marinduque Rep. Lord Allan Velasco.

Under the term-sharing deal brokered by President Duterte, Cayetano would serve as the House Speaker for the first 15 months, or until October 2020 while Velasco would

take over and assume the position for the remaining 21 months or until the 18th Congress ends in 2022.

Velasco said they will "transmit without delay" the House-approved budget bill to the Senate to give their counterparts sufficient time to examine the spending measure.

"Originally, it was planned to be transmitted on Nov. 5. However, I had a quick talk with Senate President (Vicente) Sotto, he told me that if we transmitted on Nov. 5, that would be quite hard for them to finish on time. So, we agreed on Oct. 28, best effort of the House," he said. (By Filane Mikee Cervantes/PNA)

20M Pinoys to initially get Covid-19 vaccine once available

MANILA – The government targets to immunize an initial 20 million Filipinos once the vaccine for coronavirus disease (Covid-19) is available in the country, National Policy against Covid-19 chief implementer Secretary Carlito Galvez Jr. said on Thursday.

Galvez said the government has formed a task group on vaccination composed of the Department of Science and Technology (DOST) and the Department of Health (DOH).

Galvez noted that President Rodrigo Duterte prioritizes the availability of the Covid-19 vaccine in the country.

There are vaccine developers who are now conducting Phase

3 of clinical trial which potentially treats the dreaded disease, he said.

Among the 20 million individuals to initially get the Covid-19 vaccines are frontliners and those in vulnerable sectors.

However, Galvez said Duterte wants to vaccinate all Filipinos against the respiratory disease.

"At the recent meeting that we had—last Wednesday, he wanted all Filipinos to be vaccinated and he said he will find the money," said Galvez during the visit of the Covid-19 Coordinated Operations to Defeat Epidemic (CODE) team, led by the National Task Force (NTF) and the Inter-Agency Task Force on Emerging Infectious

Disease (IATF) at the Thunderbird Resort Poro Point, San Fernando City, La Union.

The country is now planning for the 'quadrant' trials, he said.

"The most probable trials [will be held] before the end of the year and the earliest vaccination will be in March while the latest is May 2021," Galvez said.

Galvez said the NTF is now preparing for the huge logistic requirement of the Covid-19 vaccine.

The government is also working to establish various cold chain warehousing services for the vaccine storage, Galvez said.

Galvez added the government is also conducting some sort of simulation for the vaccination process.

Of the 20 million people, Galvez said each person will get two shots of the Covid-19

vaccine, making it 40 million shots, initially.

The government targets to run a pre-trial vaccination in the country, Galvez said.

"We wanted to see the volume of preparation if we will have that 20 million [vaccines]," he said.

Under Phase 3, the critical stage of the clinical trial, thousands of patients have to be inoculated with the potential vaccine to test its safety and efficacy.

He said the Phase 3 clinical trial is usually known as the final step before approval for the mass rollout.

Galvez said all major hospitals in the country will be part of the inoculation for the vulnerable sectors such as elders, pregnant women, those with comorbidities as well as people residing in communities listed as Covid-19 "high risk." (By Lade Jean Kabagani/PNA)

PEPITO . . Fr. p 1

and Calamian Islands.

Light to moderate with at times heavy rains will be experienced over Metro Manila and the rest of Luzon, it added.

Tropical Cyclone Wind Signal (TCWS) No. 2 was hoisted over La Union, the northern portion of Zambales, and the western portion of Pangasinan.

TCWS No. 1 was hoisted over Ilocos Norte, Ilocos Sur, the rest of Pangasinan, Abra, the western portion of Kalinga, the western portion of Ifugao, Benguet, the western portion of Nueva Vizcaya, the western portion of Nueva Ecija, Tarlac, and the rest of Zambales.

Gale force winds and high (strong to near gale) winds will be experienced in areas under TCWS No. 2 and 1.

The northeasterly surface windflow will also cause high to gale force winds over the rest of northern Luzon, especially in coastal and mountainous areas.

Rough to very rough seas will be experienced over the areas under TCWS No. 2 and 1.

Moderate to rough seas will prevail over the eastern seaboard of southern Quezon, the Bicol Region, Eastern Visayas, Caraga, and the Davao Region, PAGASA said. (By Ma. Cristina Arayata/PNA)

PLDT . Fr. p 1

Jr., PLDT senior vice president for PLDT Home, said the company's network service teams are now more capable of adapting to the challenges brought about by the coronavirus disease 2019 (Covid-19) pandemic-related restrictions.

"PLDT's network service teams have worked out how to operate under pandemic conditions and have been able to steadily ramp up their installation capacity," Jimenez said.

He noted that the pandemic has resulted in a "notable" spike of service upgrade and new installation requests.

"The pandemic has compelled people to redesign life at home. Many of these changes involve greater use of the internet and digital solutions to make work, study, and leisure at home more efficient and enjoyable," Jimenez said.

To date, the company has also invested in the modernization of its overseas cable systems and domestic fiber transport network which includes the company's data centers.

Its fiber-optic network grew 19 percent for the last 10 months and stretches to about 382,500 kilometers. (By Raymond Carl Dela Cruz/PNA)

DOH campaigns vs. vaccine-preventable diseases

MANILA – In order to prevent a potential outbreak of vaccine-preventable diseases such as measles, polio, and rubella, a health official urged parents on Wednesday to have their children vaccinated against such illnesses.

"We might not get cases this year but we might get them next year," Department of Health (DOH) Health Promotion Bureau Director Dr. Beverly Ho said in a television interview.

Despite a decrease in the vaccine coverage, Ho said the DOH is "not seeing a rise in cases this year due to the practice of minimum health standards such as proper handwashing" to prevent the spread of the coronavirus disease 2019 (Covid-19).

Ho also announced that the DOH will launch an immunization drive from October 26 to November 25 in the Bicol region, Cagayan Valley, Cordilleras, Ilocos Region, Mimaropa, and

Department of Health (DOH) Health Promotion Bureau Director Dr. Beverly Ho Mindanao.

On February 1 to 28, 2021, the DOH will also launch the same campaign in Metro Manila, Central Luzon, Calabarzon, and Visayas.

To ensure everyone's safety amid the Covid-19 pandemic, Ho added that health protocols are in place in immunization centers.

"Adequately protected 'yung healthcare workers natin, mayroon din (Our healthcare workers are adequately protected, there are also) mechanisms to ensure physical distancing and the entire encounter with the health care worker is less than 15 minutes," she said. (By Ma. Teresa Montemayor/PNA)

Pilot in command in Laguna helicopter crash faces raps: PNP

CHARGED. Wreckage of the Philippine National Police (PNP) helicopter that crashed on March 5, 2020. PNP spokesperson Col. Ysmael Yu on Tuesday (Oct. 20, 2020) said administrative case was already filed against the pilot in command before the PNP Internal Affairs Service (IAS). (File photo)

MANILA – The pilot in command of a helicopter that crashed in Laguna last March is facing administrative charges before the Internal Affairs Service (IAS), Philippine National Police (PNP) spokesperson Col. Ysmael Yu said on Tuesday.

Yu said the findings of the investigation of the Special Investigation and Task Group (SITG) Bell 429 led by Lt. Gen. Guillermo Eleazar, recommended that pilot in command, Lt. Col. Roel Zalatar, be held “accountable for criminal and administrative capabilities”.

“An administrative case of Grave Misconduct (Reckless Imprudence Resulting in Serious Physical Injuries, Multiple Less Serious Physical Injuries and Damages to Property under Article 365 of the Revised Penal Code) was already filed against the Pilot-In-Command before the Internal Affairs Service in September 2020,”

Yu said in a statement.

As to the criminal liability, Yu said the case is still subject for review of the Office of the Chief of Police.

According to the findings, Yu said Zalatar “failed to conduct risk assessment before the takeoff which is required for a trained pilot like him”.

“There was lack of situational awareness and evaluation of surroundings which are part of the protocol for safe and proper takeoff. There were some lapses in judgment on the part of the Pilot-In-Command that include underestimating the capability of the aircraft,” Yu said, citing SITG’s investigation report.

Yu said the investigation also found that the helicopter has “no trouble in both engines”.

Immediately after the PNP helicopter crash at the Laperal Compound in San Pedro City, Laguna on March 5, 2020, all PNP air-assets were

temporarily grounded and Eleazar was designated to lead the Special Investigation Task Group Bell 429 which was instructed to conduct a thorough investigation on all the circumstances that led to the crash.

The SITG Bell 429 has also recommended safety measures to prevent the repeat of this unfortunate incident.

Currently, the PNP maintains a fleet of Airbus H-125, Bell-429 and Robinson R-44 multi-role police helicopters.

Yu said that Maj. Gen. Jose Maria Ramos, one of the top cops involved in a

helicopter crash in Laguna, died on Tuesday morning due to serious injuries he sustained.

The PNP expressed its condolences to the family of Ramos, Yu said.

“Ramos fought a good fight to enjoy his supposed retirement from the service on November 25 with his family, but the Almighty has another plan for him. The PNP extends its deepest sympathies for his wife, children and other members of his family, that include the PMA Sinagtala Class of 1986,” Yu stressed. (By Christopher Lloyd Caliwan/PNA)

PHILHEALTH . . . FR P. 5

laboratories,” she said in a mix of Filipino and English during a virtual media forum.

Vergeire confirmed that the government’s Covid-19 testing initiatives were also affected when the PRC stopped its operations.

She added that the DOH already requested the Dr. Jose N. Rodriguez Memorial Hospital, the Jose B. Lingad Memorial Regional Hospital, the Las Pinas General Hospital and Satellite Trauma Center, the Lung Center of the Philippines, the Ospital ng Imus, the Philippine National Police Crime Laboratory, and the Research Institute for Tropical Medicine and

San Lazaro Hospital to process the specimens previously assigned to the PRC.

“There were private laboratories, which already expressed their interest, that they will help to alleviate the bottlenecks caused by the stoppage of the operation of the Philippine Red Cross,” Vergeire said in a mix of Filipino and English. (By Ma. Teresa Montemayor/PNA)

HOME SCHOOL ADVICE FROM SM

As the schoolyear begins with online and blended learning innovations, home schooling takes on a different meaning for today's kids. And they will be needing all the tools to stay smart, creative, and productive from SM Stationery and Gadgets Hub, your one-stop shop for your homeschool needs.

SM Stationery has a wide selection of school stuff that will help your kids master distance learning. These include traditional school supplies like writing pads and other paper products to whiteboard and clear file for worksheets; from pens and pencils to markers and highlighters. And as kids navigate their online classes, the Gadgets Hub will keep them updated with Laptops, flash drives, Bluetooth headsets and inkjet printers. How to make the most out of making your home a classroom? Here are some tips for parents from the SM Stationery and Gadgets Hub:

1. Set a schedule for your study time with your kid. Let your child set the time for each subject that you want to work on, hour by hour, day by day, week per week.

2. Choose a quiet and well-lit area where your kids can focus on their lessons.

3. Stock up on homeschool supplies. Have enough pencils, erasers, activity books, notebooks, pad paper, and other school supplies you need. Prepare the gadgets they needed and sanitize it before starting the class.

4. Encourage your child to read and write freely. Make them read their favorite books whenever they are bored or have them keep a daily journal which helps them to deal their fears and anxieties.

5. Allot time to encourage your child's creativity through drawing, craft-making or other extracurricular activities such as cooking or gardening that will nurture their skills.

6. Keep your child in touch with their friends virtually from a regular basis. This may be done after they completed their school worksheet.

7. A homeschool environment will be new for you and your child. It's going to be challenging, so it's okay to ask help from your child's teacher, tutors or fellow parents who's into homeschooling.

SM Stationery and Gadgets Hub is now online on www.smstationery.com.ph and with the SM Store's #143SM Call to Deliver services. You can now have your homeschool must-haves delivered right to your doorstep. Follow SM Stationery PH in Instagram and Facebook and join their Viber community for more details and info.

Homeschooling sparks creative learning and fun parenting that must go hand in hand.

SM Stationery has the wide variety of homeschool supplies for your needs. Call #143SM to Order.

Master online classes with the Lenovo Ideapad3 series.

Keep your kids busy and stay smart with the right homeschool supplies in this All-in-One School backpack.

Use this Brother inkjet multi-function printer for all your printing needs.

Designate a well-lit area which is conducive to learning that helps your child focus.

Save files in mobile or with your PC with Sandisk OTG Ultra Dual USB Drive.

Easy to Plug and Play Edifier K800 Headset with adjustable head bands and foam ear cups for comfort fit

Go wireless with this Nano Wireless keyboard and mouse combo.

PhilHealth says it has money to pay PRC

MANILA – The Philippine Health Insurance Corporation (PhilHealth) on Thursday said it will wait for the Department of Justice (DOJ) for proper legal guidance on how to proceed with its payment to the

Philippine Red Cross (PRC).

In a statement, PhilHealth reiterated that it has funds to pay its obligations to the PRC. “(PhilHealth) is requesting all those who have been affected by this issue for more patience and understanding as PhilHealth moves forward with this

partnership with the proper legal support, all in aid of ensuring that members' funds are properly handled and disbursed,” it added.

The corporation has PHP930 million overdue balance to the PRC.

Meanwhile, Health Undersecretary Maria Rosario Vergeire said the Department of Health acknowledges the PRC's contribution to the government's efforts on Covid-19 testing.

“We cannot deny the fact that the Philippine Red Cross has a big contribution to our daily outputs or the outputs of our (Turn to p. 4)
