Kadiwa ng Pangulo to lower Rice for All to P38/kg Jan. 17

MANILA – The Kadiwa ng Pangulo (KNP) is set to lower the price of rice under the Rice for All (RFA) program from PHP40 per kilogram to PHP38/kg, the Department of Agriculture (DA) said on Thursday.

The said price will be implemented for the 25 percent broken rice or the RFA25.

“This price reduction will take effect on Friday, just ahead of the implementation of the maximum suggested

retail price (MSRP) of PHP58/kg for 5 percent broken imported rice,” DA Secretary Francisco Tiu Laurel said in a statement.

Other affordable options available in KNP sites include RFA 5 which is 5 percent broken selling for PHP45/kg; RFA 100, also known as Sulit rice, is 100 percent broken at PHP36/kg; and P29, or the aging but good quality rice stock of the National Food Authority (NFA) sold to

vulnerable sectors at PHP29/kg.

Tiu Laurel, meanwhile, joined the council meeting of Metro Manila mayors and laid down some of the DA’s programs and requests.

These include the target expansion of KNP kiosks and stores in all public and private markets in Metro Manila; review of market rental rates which affect retailers’ sale of rice; labeling requirements on retail rice; setting

the maximum suggested retail price (MSRP) starting at PHP58/kg for 5 percent broken imported rice on Jan. 20, with a two-week review for lowering of MSRP; and the sale of NFA rice in all local government units at PHP36/kg in February.

Mobile KNPs

For his part, San Juan City Mayor Francis Zamora welcomed the DA’s proposal and request for assistance for

DepEd chief welcomes CSE concerns, addresses teenage pregnancy, HIV

MANILA – Education Secretary Sonny Angara on Wednesday welcomed concerns on the implementation of the Comprehensive Sexuality Education (CSE) and provisions of Senate Bill No. 1979 or the Prevention of Adolescent Pregnancy Act

of 2023, as he vowed to address pressing challenges among the youth including teenage pregnancy, human immunodeficiency virus (HIV), and gender-based violence.

CSE is defined as an “age-appropriate, culturally relevant” program that aims to

teach sexuality and relationships by providing learners with “scientifically accurate, realistic, and non-judgmental” data, according to DepEd.

“We acknowledge the concerns regarding the current implementation of our Com-

DOH heightens efforts to curb HIV cases in Calabarzon

CALAMBA CITY, Laguna (PIA) – The Department of Health (DOH) continues to strengthen its efforts to curb the rise of Human Immunodeficiency Virus (HIV) infections.

Dr. Felices Emerita P. Perez, DOH Calabarzon’s medical officer, said that the DOH has started implementing the 85-85-85 target under the National HIV/AIDS (acquired immunodeficiency syndrome) and STI Prevention and Control Program (NASPCP) to combat the rising HIV infections.

“We’re slowly achieving this target... where 85 percent of all people living with HIV (PLHIV) should be screened, 85 percent of those diagnosed should be on treatment, and 85 percent of those on treatment should have their viral load suppressed or controlled because if they’re just screened and diagnosed, without treatment, the virus continues to spread,” Perez said.

The DOH-Center for Health Development IV-A has recorded a total of 22,142 PLHIV in

the Calabarzon region as of September 2024 while up to 38,400 individuals are projected to be affected by HIV in the region.

Perez said HIV cases

continue to rise among individuals aged 15 to 24. But she added that it could not be that high as some individuals could have been living with the

virus for a long time but were only recently tested.

Meanwhile, 38 HIV treatment hubs and primary HIV care facilities are found across

the region. The facilities offer HIV treatment initiation, counseling, and support programs designed to improve health outcomes for PLHIV.

Perez added, “We also advocate and encourage people to use PrEP or Pre-Exposure Prophylaxis that can help prevent HIV infection. Before you are exposed to someone with HIV, if you are at risk, you should get screened and start using the proper medication.”

She added that some

the KNP expansion.

"Kami po sa San Juan, mayroon din kaming regular na Kadiwa ng Pangulo sa city hall mismo. So, talagang dinadagsa po iyon at tina-timing natin na araw ng sweldo para mayroon tayong natural market (In San Juan, we also have the regular KNP in city hall. So, it's being flocked and we are scheduling it during pay days so we have a natural market)," he said.

Zamora, however, suggested mobile KNPs since some LGUs have no permanent structures for the expansion.

"Baka pwede tayong

gumawa ng (Perhaps we can try a) hybrid method such as mobile Kadiwa. Kasi minsan ang challenge po (Because sometimes the challenge) really is the structure, where to put it," he said.

In response, Tiu Laurel bared plans to launch mobile KNPs, saying the Food Terminal Incorporated (FTI) has already procured 24 trucks, with plans to rent additional units.

To date, there are more than 20 KNP centers and kiosks in Metro Manila, while there are 150 public and private markets in the metropolis. (PNA)

PBBM keen to bring health services to every Filipino: DOH chief

MANILA – President Ferdinand R. Marcos Jr. wants quality health services to be accessible to all Filipinos, particularly those living in geographically isolated and disadvantaged areas.

For this reason, the Marcos administration ensures that the Department of Health (DOH) would be able to deliver healthcare services without any interruption.

In a Bagong Pilipinas Ngayon interview, Health Secretary Teodoro Herbosa said the DOH has received a PHP267.8 billion budget for this year, the biggest in its history, under the current administration.

"Technically, 'yung sinasabi niyang 'wag kayong mag-alala sa kalusugan, nilalagyan niya talaga ng budget

(Technically, he allotted budget for health when he told the public not to worry about their health)," he said.

He noted that Marcos has legacy projects such as cancer and children's centers with funds to ensure their construction.

"PBBM is putting money where his mouth his. Kapag sinabi niyang dagdagan ng pondo ang kalusugan, dinagdagan niya ang pondo (He increased the fund for healthcare services when he said he would)," he added.

Following the signing of the 2025 national budget in December last year, Marcos instructed Herbosa to guarantee the provision of health benefit packages to all members of the Philippine Health Insurance Corporation (PhilHealth)

DepEd... FR. P. 1

prehensive Sexuality Education (CSE) and the provisions in SBN 1979, the Teenage Pregnancy Bill," he said in a statement.

Angara said there is an ongoing collaboration between community organizations and health service providers to ensure that DepEd programs remain "effective and culturally sensitive."

"Nakikinig kami – noon bilang Senador at hanggang ngayon bilang inyong Kalihim. Bukas ang pintuan ng DepEd para sa inyong pahayag at mungkahin, lalo na kung may tiyak na detalye (We are listening, before as a former senator and now as your Secretary. DepEd's doors are open to hear your opinions and suggestions, especially if you have accurate details)," he added.

Angara, however, clarified that he has not filed any version of the proposed Teenage Pregnancy Bill during his time as legislator.

Instead, Angara said he has filed a reso-

lution to develop a comprehensive policy framework that seeks to prevent early childbearing and mitigate its impacts during his time as a chairperson of the Youth Committee in the Senate.

As education chief, Angara assured a "balanced" outlook and implementation of policies while stressing the need for a multi-sectoral approach to act on the challenges concerning the youth.

He said the DepEd remains data-driven in addressing the challenges among the youth.

He said the DepEd remains data-driven in addressing the challenges among the youth.

"Nakatuon kami sa datos sa likod ng bawat polisiya. Kabilang na dito ang pinagdadaanan ng ating kabataan kagaya ng (We are focused on the data behind every policy. These include struggles of our youth including) teenage pregnancy, HIV, and gender-based violence," Angara said.

"We stand at a critical time in our commitment to the health

acute and emergency care.

The DOH opened 42 Bagong Urgent Care and Ambulatory Services (BUCAS) Centers to bring the best urgent care and ambulatory services to the poorest families.

Twenty of the centers are in Luzon, eight are in Visayas and 14 are in Mindanao. They are open from 6 a.m. to 10 p.m.

Herbosa said family and community medicine doctors were assigned in the centers.

(Turn to p. 5)

DOH... FR. P. 1

HIV treatment hubs in the region use the rapid HIV diagnostic algorithm (rHIVda), where patients undergo a series of rapid tests designed to shorten time in getting HIV test results so that HIV patients could get immediate treatment.

These developments highlight the region's commitment to achieving the global 95-95-95 HIV tar-

gets by 2030, while reinforcing efforts to expand access to life-saving services, the DOH said.

Meanwhile, the DOH also assured it is actively working to combat HIV stigma through initiatives, treatment sites, and implementing educational campaigns to raise awareness about HIV. (CO/PIA4A)

CSE program will be implemented in public schools, following the viral video posted by the Project Dalisay Facebook page.

The said video expressed dismay over certain provisions of SB 1979 as well as some program features of CSE, claiming these may "hypersexualize children at a very early age." (PNA)

Cavite provincial government's Medical Mission Team composed of dedicated staff from the Office of Governor Athena Tolentino, in collaboration with the Office of the Provincial Health Officer, organized a successful Medical and Dental Mission on January 9, 2025, in Barangay Mahabang Kahoy Lejos, Indang.

The event provided free health consultations and check-ups to 198 patients, with medical professionals addressing individual health concerns. Notably, 48 patients received free tooth extractions, emphasizing the importance of dental health. The mission not only aimed to address immediate health needs but also to promote health awareness and preventive care.

The team expressed gratitude for the collaborative effort, highlighting the significance of community engagement in bridging healthcare gaps. The initiative's success reflects a commitment to prioritizing the health of Indang residents and serves as a model for future healthcare initiatives in underserved communities.--- OPIO

On January 14, 2025, the Office of the Provincial Governor's Medical Mission Team, in partnership with the Office of the Provincial Health Officer, conducted a highly successful Medical and Dental Mission in Barangay Malagasang II-A, City of Imus.

The event saw the presence of notable leaders, including Vice Governor Shernan Jaro, Congressman AJ Advincula, Mayor Alex Advincula, and members of the City Council, who showcased their unwavering support for the initiative.

During the mission, 482 individuals received free medical consultations and essential medicines, addressing a wide array of health concerns. Additionally, 85 patients availed themselves of free dental services, including tooth extractions, bringing much-needed relief to the community.--- OPIO

Mendezeño students received educational assistance from the PGC.

Three hundred students from Mendez received educational assistance from the Provincial Government of Cavite (PC) through the Provincial Scholarship Program in a simple distribution event on January 10, 2024 at Mendez Municipal Covered Court.

Governor Athena Tolentino personally joined the activity, together with 8th District Representative Aniela Tolentino. They were welcomed by Mayor Francisco Mendoza Jr. and Mendez Sangguniang Bayan members who expressed their heartfelt gratitude for the assistance provided to Mendezeño students.

Governor Tolentino warmly greeted the scholars, playfully advising them, "Huwag muna mag-jowa," before seriously reminding them to focus on their studies and work harder, as anything is possible with dedication. She then shared her inspiring journey as a 26-year-old woman who became the first Filipina governor of Cavite. In closing, she emphasized that the provincial government of Cavite remains committed to serving everyone in the province.

The educational assistance provided is a significant help, especially for those from underprivileged backgrounds, as it supports their ongoing educational needs.--- OPIO

Agri-infra projects in Laguna, Quezon get P1.21-B funding

CALAMBA CITY, Laguna (PIA) — The Department of Agriculture (DA) in Calabarzon expects a boost in agriculture and fisheries sector following the approval of three farm-to-market road (FMR) projects in Quezon and a potable water system in Laguna.

In a statement, the DA Calabarzon said that the new projects, under the Philippine Rural Development Project (PRDP) Scale-Up, amounting P1.21 billion will benefit over 33,700 individuals with enhanced agri-food supply.

“We are very happy to support and approve these subprojects because the benefits go beyond agriculture and fisheries. These will help people improve their communities by providing access to basic resources, services, and opportunities,” said DA Calabarzon Regional Executive Director Fidel Libao.

Among the approved FMRs in Quezon are the Sto. Niño-Huyon-Uyon FMR in San Francisco (10.58 km), the San Roque-San Antonio Magcopa-San Pablo Suha-Doongan Ilaya FMR with two bridge components in Catanauan (12.46 km), and the concreting of the Bagupaye to San Pedro FMR with a bridge in Mulanay (15.33 km). Project construction is expected to begin this year.

Libao emphasized that these improvements will not only enhance the transportation of goods but also

support local residents.

“This will pave the way for strengthening agricultural production and creating opportunities that will support farmers’ livelihoods,” he added.

Meanwhile, the rehabilitation and improvement of the Level II potable water system in Majayjay, Laguna, will address water supply issues in eight barangays. According to DA, this project will provide a safe and reliable water source to prevent waterborne diseases such as diarrhea and gastritis.

With the approval of these projects, Libao hopes to see further development in the agriculture and fisheries sector and a reduction in poverty incidence in these communities.

also up for expansion, Herbosa said, citing as an example the multi-specialty center built in Clark, Pampanga.

“We are expanding many hospitals: heart centers, specialty centers sa iba’t ibang parte ng Pilipinas, utos ni President ‘yan (nationwide, that’s the President’s order). Gagayahin ‘yung ating bituka hospitals dyan

Carmona City’s expanded mental health program to include schools

CARMONA CITY (PIA) – The City Government of Carmona will soon expand its mental health support programs to schools as part of a comprehensive approach to addressing the well-being of its citizens.

In an exclusive interview with the Philippine Information Agency CALABARZON, Mayor Dahlia Loyola revealed the city’s plans to train teachers and administrators, equipping them with the necessary tools to offer basic mental health support to schoolchildren.

“Our goal is to conduct training not only at the school level but also for each grade, year level, and section,” Loyola explained. “Equally important is ensuring that mental health information reaches and engages parents, as their involvement is crucial in making a meaningful impact.”

Loyola further emphasized their plan to expand the city’s mental health programs, including enhancing capacity training for school staff.

“We plan to train at least two to three

sa North Triangle, may lung, kidney, heart and children’s (We will replicate those hospitals in the North Tri-

[teachers] per grade or year level and section in every school in our city,” Loyola stated.

To strengthen these efforts, the city government has increased its budget allocation for the health sector to enhance better access to psychological services for residents.

In addition, Carmona City has passed a localized version of the Philippine Mental Health Act, which helped establish the city’s Mental Health Task Force.

This initiative has made significant accomplishments since the creation of the task force, supporting 213 individuals diagnosed with depression, schizophrenia, and anxiety disorder through regular free consultations with

angle -- lung, kidney, heart and children’s hospitals). Una ‘yung sa (The first is in) Clark,” he said. (PNA)

the city government’s psychiatrist and access to free medicine.

These efforts have earned Carmona recognition as one of the honorees in the CALABARZON region during the 3rd Regional Mental Health Summit Awards by the Department of Health (DOH). This award acknowledges local government units for their exemplary implementation of the Philippine Mental Health Act.

Carmona City is also moving forward with the construction of a specialized barangay health center dedicated to mental health consultations, offering greater accessibility to residents.

Loyola added: “We currently have two regular psychologists, but we are planning to add more specialists who will provide counseling services to our citizens.”

By strengthening its initiatives, Loyola shared that the city government aims to eliminate the stigma surrounding mental health and encourage more residents to seek the help they need. (PB/PIA 4A)

DA eyes 'hybrid' tariff on rice; projects lower rice imports for 2025

MANILA – Agriculture Secretary Francisco Tiu-Laurel Jr. on Thursday said he would propose the imposition of "hybrid" tariff on rice, as part of the efforts to lower the price of the staple in the country.

"I might recommend the hybrid [tariff], na (that on a) certain type of rice, 15 [percent] pa rin (it's still 15 percent), [and on] a certain type of rice or quality of rice, 'yung 5 percent, puwedeng i-akyat sa 35 [percent] (the 5 percent could go up to 35 percent), something like that," Tiu-Laurel said in a Palace press briefing.

Tiu-Laurel said there is also a clamor from the stakeholders to revert the rice tariffs to the original 35 percent.

He said the proposals would still be subject to a thorough review.

"Kapag bumaba na 'yung presyo talaga at sumunod lahat, baka puwede nang ibalik (Once the price drops and everyone follows, maybe it can be returned). But as of the moment, anyway, may review naman (there is a review) even for months eh. So, talagang pag-aaralang mabuti iyan (it has to be thoroughly studied)," Tiu-Laurel said.

President Ferdinand R. Marcos Jr. issued Executive Order 62 in June 2024, lowering the tariff on rice from 35 percent to 15 percent.

The DA earlier said retail prices of rice in local markets could have been higher without the tariff reduction on imported rice.

Earlier Thursday, Tiu-Laurel announced that he would declare a "food security emergency" before the end of January following the recommendation of the National Price Coordinating Council (NPCC) to address the rising retail prices of rice.

Tiu-Laurel told Palace reporters that he is still waiting for the formal transmittal of the NPCC's recommendation to the DA.

"Once I receive it then, of course, I will consult also our President for his comments," he said.

"Under the amended

RTL (Rice Tariffication Law), the NPCC shall declare a food security emergency on rice based on the following conditions existing: one, supply shortage or extraordinary increase in price. During the last NPCC meeting, the DA presented data that show that even with the tariff cuts and the world prices of rice is going down, the retail prices have not gone down significantly. Thus, the trend level of prices is extraordinary."

Lower rice imports

Tiu said the PHP58 per kilogram maximum suggested retail price (MSRP) on imported rice may drop to as low as PHP50/kg in March, depending on global rice prices.

The MSRP will be implemented on Jan. 20 in Metro Manila to address the spike in retail rice prices and profiteering.

Tiu-Laurel also projected a lower rice

PGC's Medical Mission Brings Healthcare Services to Malabag, Silang

The Provincial Government of Cavite, through the Office of the Provincial Governor in collaboration with the Office of the Provincial Health Officer, successfully conducted a medical mission in Barangay Malabag, Silang, on January 8, 2025. The initiative was made possible through the request of 5th District Board Member Aidel Paul G. Belamide, who continues to advocate for accessible healthcare services for Caviteños.

The medical mission aimed to address the healthcare needs of the residents of Malabag and nearby areas. Medical professionals from OPHO provided medical consultations while the OPG team facilitated the distribution of prescribed medicines. Beneficiaries expressed their gratitude for the comprehensive care they received, which alleviated their healthcare concerns.

Board Member Belamide, who was present at the event, emphasized the importance of bringing essential health services closer to the community.

The event is part of the provincial government's ongoing commitment to promote health and wellness across the province, ensuring that every Caviteño has access to quality healthcare services.--- OPIO

PGC Brings Health Services to 433 Residents in Tanza Medical Mission

Continuing its commitment to public health, the Provincial Government of Cavite, through the Office of the Provincial Governor and the Office of the Provincial Health Officer, partnered with the local government and Rural Health Unit of Tanza to conduct a medical mission in Barangay Amaya II that served 433 residents.

The initiative which is part of the provincial government's ongoing health outreach program, was made possible with the support of local leaders, including Councilor Derek Matro, and Brgy. Chairman Anthony V. Arbis. Barangay Health Workers also played a crucial role in assisting and ensuring the smooth delivery of healthcare services.

Residents availed themselves of free consultations, medicines, and supplements, highlighting the provincial government's dedication to accessible healthcare for all. The event not only addressed immediate health concerns but also emphasized the importance of community collaboration.

Under the leadership of Governor Athena Bryana D. Tolentino, the Provincial Government of Cavite continues to deliver vital services to improve the quality of life.--- OPIO

imports for 2025, estimating that it would reach 4.5 million metric tons (MMT) this

year.

The Philippines imported a record-breaking 4.78 MMT of rice

in 2024, according to government data. (PNA)
